

How to stop hidden safety devices getting AusAlerts

Australian Government
National Emergency Management Agency

This is a factsheet from NEMA.

Their long name is the National Emergency Management Agency.

This factsheet is for people who use a hidden safety device.

This factsheet shows you how to

- turn off your hidden safety device

or

- put your hidden safety device in Aeroplane Mode.

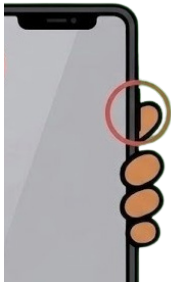

This stops your hidden safety device from getting AusAlerts.

You use an Apple iPhone

Turn your hidden iPhone off

Your hidden iPhone has a Home button

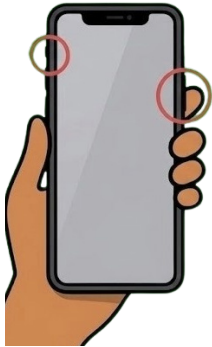

- Press and hold the side button.

- Wait for the power-off slider.
- Drag Slide to Power Off from left to right.

Note Apple iPads cannot receive AusAlerts.

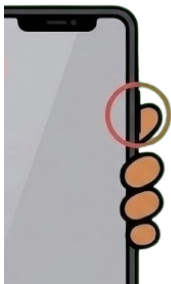

Your hidden iPhone does not have a Home button

- Press and hold the side button and either volume button.

- Wait for the power-off slider.
- Drag Slide to Power Off from left to right.

Turn your hidden iPhone on

- Press and hold the side button.

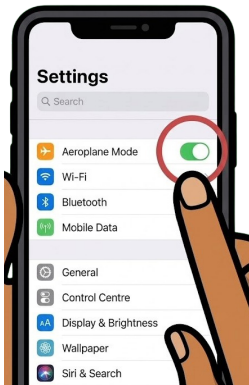

- Let go when the Apple logo appears.

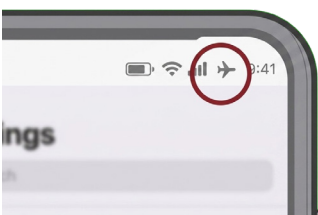

Turn Aeroplane Mode on

- Go to Settings.

- Turn Aeroplane Mode on.

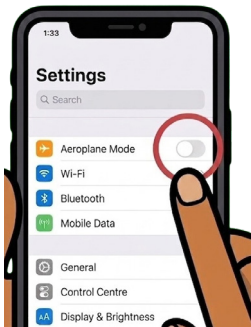

An aeroplane shows at the top of the screen.

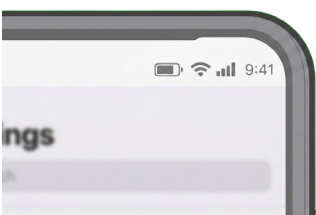

Turn Aeroplane Mode off

- Go to Settings.

- Turn Aeroplane Mode off.

There is no aeroplane at the top of the screen.

You use an Android device

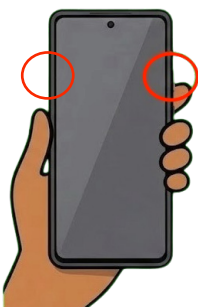

Turn your hidden Android phone or tablet off

- Press and hold the power button. It could be on the left or right side of your device.

- Wait for the power menu.
- Tap Power Off.
